“50,000 US Troops with munitions passed through Shannon Airport to wreak death and destruction on the people of Iraq.

Shannon Airport has become a Pit Stop of death for the US/UK war machine.

The US/UK killing, occupation and looting of Iraq’s wealth continues...

Shannon is STILL being used to transport troops and munitions...

The Irish Government’s complicity with Bush and Blair continues...

We must non-violently resist this illegal & immoral war!”
