## support those who fight against racism

Dee Allen is a bay area based anarchist community organizer. From organizing against gentrification, to demonstrating against the war in Iraq, Dee Allen has constantly been on the front lines. On July 30th, 2008, Dee was arrested at a protest against the racist anti-immigrant group, the Minutemen, on trumped up charges of battery against a police officer (by spitting on them). These charges are punishable by \$2000 and/or 6 months in jail. Dee has stood with those in his community during so many struggles for justice and freedom - it is time that we stand with him.

**Show solidarity at his next court appearance on Friday, November 14, 2008.
