¿Qué es S-Comm (Comunidades Seguras)?

S-Comm es un programa que permite a los policías locales para comprobar en los registros de inmigración del Departamento de Seguridad Nacional (DHS), las huellas dactilares del individuo que está siendo encarcelado. Si resulta con un indicador en los registros de inmigración, Inmigración (ICE) será notificado automáticamente, incluso si la persona no ha sido condenado por ningún delito y podría ser deportada.

What is S-Comm (Secure Communities)?

S-Comm is a program that allows local police to check the fingerprints of an individual they are booking into a jail against Department of Homeland Security (DHS) immigration databases. If there is a "hit" in an immigration database, Immigration and Customs Enforcement (ICE) is automatically notified, even if the person has not been convicted of any criminal act and could be deported.
