

# Spread the Word and Get Ready

## Shut Down the BART Police Department / Fire and Charge Killer Cops

On July 3rd, 2011, BART Police attacked and essentially executed a man so drunk he could barely stand! Two BART Police officers responded to a call of a homeless man with an open container of alcohol described as stumbling and wobbling around civic center platform. Within 60 seconds of getting out of the train and onto the platform, these cops managed to shoot Charles Hill 3 times in the chest and kill him.

The BART police chief is... claiming he is 'comfortable' with this behavior. There is video that they are refusing to release. There are witnesses that contradict the police story (the lies they are using to try to cover this up). History does repeat itself, until we get angry enough to do something about it.

Join us to THIS MONDAY. ON THE CIVIC CENTER PLATFORM (yes, in the BART!). We will participate in a collective act of civil disobedience to demand:

1. The BART Board of Directors must shut down the corrupt, inept, disgraceful, and murderous BART police department, PERMANENTLY AND TOTALLY.
2. Both officers must be fired, and we demand an independent, PUBLIC investigation of this killing, and all applicable charges filed and prosecuted against the killers.
