

Reclaim Rebuild Reskill

A SERIES ON GROWING YOUR RESILIENCY

Visit www.ecologycenter.org for details and to register.

| Colors from Nature: Natural Dyes | Seed Saving for Garden & Farm | Youth Bike Skill-Up | Create Your Raingarden | Medicinal & Edible Plants of the Bay Area | Build a Raised Bed to Grow Your Own Food |
|--|---|---|---|---|--|
| Learn to harvest dyes straight from the garden and other sources. Take home samples in a range of colors and fibers. | Learn about seeds and varieties adapted to the greater Bay Area in this intermediate class. Taxonomy, botany, and other growing, harvesting, and cleaning tips will be covered. | Meet up with the BikeMobile for free tune ups and repairs and learn how to fix your bike. All youth will receive a bike patch kit. Bike-powered smoothie maker and free food! | This workshop starts with a slideshow and tour of innovative ways to capture and use water and ends with a design charette to create plans for your own raingarden. | Herbalist Tellur Fenner shows you how to identify and use a diverse array of local, edible, and medicinal plants. Bring herbs you are growing to share & discuss. | Join carpenter Matthew Wolpe to build a raised bed from reused redwood. This hands-on workshop covers design, building, tool safety & materials. |
| Saturday, September 8 10am - 1pm EcoHouse Pre-registration | Saturday, September 15 10am - 1pm EcoHouse Pre-registration | Sunday, September 16 1pm - 3pm Dover Park, Oakland Free | Saturday, September 22 10am - 1pm EcoHouse Pre-registration | Sunday, September 23 Noon - 1pm Alcatraz @Adeline, Berkeley.
