

INTERNATIONAL WOMEN'S DAY STRIKE!

In solidarity with the International Women's Strike, we call for a gender strike in Santa Cruz. We strike against exploitation and domination, invisible labor, gendered and racialized labor, unwaged and under-waged labor. We call for solidarity with women, trans and queer people, immigrants, people of color, sex workers, survivors of violence, currently and formerly incarcerated people, and oppressed people everywhere. We invite people of all genders to join in.

We demand an end to the oppression and exploitation of our communities. We demand an end to ICE raids, to police brutality, to the destruction of community gardens. We demand an end to Trump, white supremacy, ecological ruin, patriarchy, and capitalism.

We demand full and free access to reproductive and gender-affirming health care, community-centered child care and elder care, and education. We demand affordable housing and a living wage. We demand that rapists and sexual harassers be held accountable.

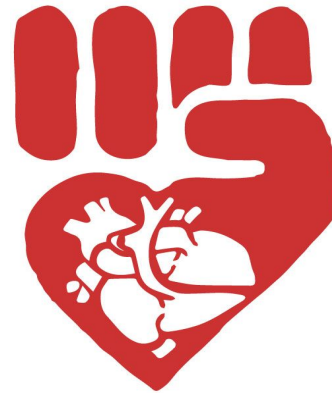

We strike because we cannot afford not to care.

March 8th, 2017

**Louden Nelson Community Center
Free Brunch @ 9:30 AM, Rally @ 11:30 AM
Workshops 3-6 PM**
