

Senator Frank Church chaired the Senate Hearings on the FBI's Cointelpro operation, which spied upon & attempted to INFILTRATE, DISRUPT & DISCREDIT the peace movement, even Martin Luther King Jr.

Senator Church regarding NSA Spying: "That capability at any time could be turned around on the American people

**& No American would have any privacy left,**

such is the capability to monitor everything: telephone conversations, telegrams, it doesn't matter. There would be no place to hide."

**If a dictator ever took over, the N.S.A. "could enable [him] to impose total tyranny, & there would be no way to fight back."**

"I don't want to see this country ever go across the bridge," Senator Church said.

**"I know the capacity that is there to make tyranny total in America,**

and we must see to it that this agency and all agencies that possess this technology

**operate within the law & under proper supervision,**

so that we never cross over that abyss.

That is the abyss from which there is no return.

Mr Bush, spying on citizens without court oversight is what dictators do to silence dissent...

**Trust me, it's for your safety**

*it worked for Hitler, he he*
