

Blow the Whistle on the 9-11 Cover Up!

No to the Global Police State!

9-11 is being used as a pretext for endless war abroad, to strip people of basic rights, to crush dissent, for the militarization of the US, as outlined by the think tank, Project for a New American Century, which stated "the process of transformation is likely to be a long one, absent some catastrophic and catalyzing event- like a New Pearl Harbor."¹

The White House fought efforts to investigate 9-11. Appointed to damage control were the CIA, Senator Bob Graham, Congressman Porter Goss, and Henry Kissinger, who should have been investigated for their own role in 9-11. (Goss and Graham breakfasted with "the money man behind 9-11" on the morning of the attacks.) The 9-11 Commission failed to ask-

Why was the "money man behind 9-11," (who had \$100,000 sent to Mohammed Atta- identified by the FBI as the lead pilot in the attacks), head of Pakistan's ISI (Inter-Services Intelligence Agency), Lt. General Mahmoud Ahmad, meeting with top U.S. officials from September 4th through September 13th?

Why did the Bush Administration seek Pakistan's 'cooperation' in the "war on terrorism," despite the fact that the ISI was financing and abetting the 9-11 terrorists? (It's like "asking Al Capone to help in going after organized crime.")

Why did the military fail to intercept the hijacked planes on September 11th, in violation of the most standard operating procedures?

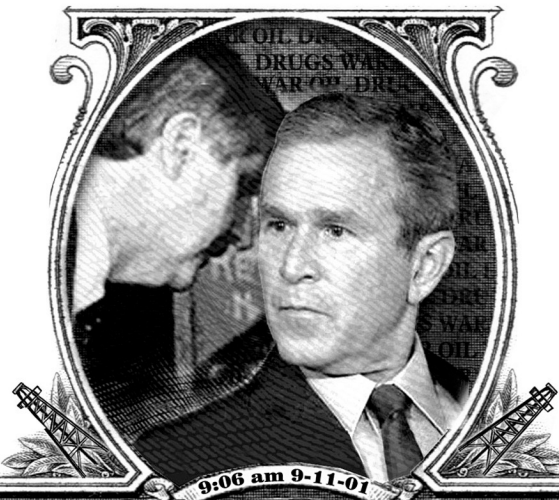

Why did officials react in such a bizarre manner to news of the attack, with Bush, Rumsfeld, and Myers carrying on as if nothing unusual was occurring?

Why were the men most responsible for the FBI and military failures on 9-11 rewarded with promotions and increased budgets?

Al Qaeda is a joint creation of the CIA and Saudi Arabia through Pakistan's ISI; on the surface Al Qaeda is "the outside enemy" to justify military actions, beneath the surface Al Qaeda has been a CIA asset. (So was Osama Bin Laden, Saddam Hussein)² The architects of the PATRIOT Acts, Homeland Security, and the Global Police State legislation (H.R. 4104- The Intelligence Transformation Act) are writing the ever-changing 9-11 Cover-Up narrative.

Cheney believes "it's not necessary to suppress the truth forever, only until it doesn't matter anymore."

The Truth matters now. It is time to rein in our government, to expose its lies, criminal activities, its attack upon our basic rights. It is time to blow the whistle!

We have marched on our representatives. We have marched to prevent illegal, immoral, wars, to demand an investigation of 9-11, the repeal of the PATRIOT Act, to impeach the Terrorists, occupying the White House. It is time to march again. Support the Whistleblowers! Dissent is NOT Terrorism! Repression is NOT Security!

NO to the Global Police State! **NO** to torture and fear. **NO** to empires, illegitimate governments, and stolen elections. **NO** to state-sponsored terrorism. **NO** to military madness. **NO** to the criminalization of dissent, the Patriot Act, the imprisonment of people of color, and the racist system that divides us all.

YES to a world where all people can live with dignity, respect, and freedom. **YES** to real democracy that goes beyond voting. **YES** to a World of True Security. **YES** to- **Courage NOT Fear, Truth NOT Lies, Peace NOT War, Love NOT Hate, Democracy NOT Empire!**

During the Republican National Convention, people opposing the RNC agenda are encouraged to blow the whistle on the hour and half hour, in non-violent solidarity with those marching, standing up, speaking out, blowing the whistle on the big criminals, to challenge the Lies, the 9-11 Cover-Up, the Police State, the Crimes, the War without End.
