Importance: High

Mr Harrington - FBI-GTMO reviewed the MM and HQ control files this morning. The only document we found that is pertinent to the issues under review is the 5/30/03 EC, drafted by SSA [redacted] BAU, which everyone is aware of, which discusses interview/interrogation techniques in detail b6 -1

Bottom line is FBI personnel have not been involved in any methods of interrogation that deviate from our policy b5 -2  
The specific guidance we have given has always been no Miranda, otherwise, follow FBI/DOJ policy just as you b7E -1  
would in your field office Use common sense Utilize our methods that are proven [Redacted]

If you would like to call me to discuss this on the telephone I can be reached at [Redacted] b2 -1
