

## MPP Demands RIM “Move Heaven and Earth” to Defend the Life of Chairman Gonzalo

By Cde. Majdur Travail

UNKNOWN, June 21  
— (Al-Masakin) The  
Peru People’s  
Movement (MPP)—the  
generated organism of  
the Communist Party of  
Peru (Sendero  
Luminoso)—has

recently released a  
communiqué which  
demands the member parties of the  
Revolutionary Internationalist Movement (RIM)  
and the supporters of the RIM, the PCP and  
Chairman Gonzalo “move heaven and earth” to  
defend the life of the greatest living  
Marxist of the face of the Earth—  
Chairman Gonzalo.

In recent communiqués published  
by Red Sun, the MPP underscored  
the strategic importance of  
Chairman Gonzalo’s leadership to  
the international proletariat:  
“[Because] today we have a  
militarized Communist Party, [a] Marxist-  
Leninist-Maoist Gonzalo thought [Party], a  
victorious people’s war, [and] a New Power—  
where our new red flag of the proletariat is  
hoisted defiantly before the enemy. It is  
President Gonzalo who has given us the most  
another revolutionary outpost in the world.”

In 1999 the MPP criticized the CoRIM and the  
reactionary snake Bob Avakian who heads it for  
deactivating the campaign to defend the life of  
Chairman Gonzalo. Saying inter alia, “The  
campaign to ‘Move heaven and earth to defend  
the life of Chairman Gonzalo!’ a campaign that  
began immediately after the capture of Chairman

“Comrade Stalin  
put forward the  
necessity of seeing  
the nexus between  
the strategic, the  
whole and the  
concrete actions.”

Gonzalo in September 1992, and  
the great work of the Emergency  
Committee to defend the life of  
Chairman Gonzalo has carried out,  
have been warmly greeted by our  
Party. But it is also a fact that this  
campaign has been completely  
deactivated at an international  
level, even though some of it  
continues at a local level. How is it  
possible, we ask ourselves, that the  
campaign to defend the greatest  
living Marxist-Leninist-Maoist on  
the face of the Earth has been  
deactivated?”

The Avakian clique began  
disseminating CIA manufactured  
propaganda as early as 1994 that  
claimed that Chairman Gonzalo  
had signed a peace accord. Acting

on this hoax Avakian told  
the RCP in 1996 “We can  
no longer support  
Chairman Gonzalo,  
because he signed a peace  
accord.” Insinuating that  
Chairman Gonzalo was a  
“revisionist and a  
capitulationist. Chairman  
Gonzalo’s live appearance

on Nov. 5, 2004 dashed Avakian’s  
black dreams when Chairman  
Gonzalo raised his fist in a defiant  
revolutionary salute and exclaimed  
“Glory to Marxism-Leninism-  
Maoism. MPP activist steadfastly  
held to the political line of the 1<sup>st</sup>  
Congress of the PCP and demanded  
that Chairman Gonzalo be  
presented live and direct before the  
international media and that he be  
allowed to speak. If Chairman  
Gonzalo had signed such a  
document, then why couldn’t he  
tell us himself? After this the  
Avakian clique began hoping  
Chairman Gonzalo was actually  
dead.

The  
Communist  
Party of Peru  
initiated the  
People’s War  
in Peru on  
May 17,  
1980,  
whereby we,  
the Peruvian  
proletariat  
and people,  
under the  
leadership of  
the Party, as  
part of the  
international  
proletariat  
and the  
peoples of  
the world,  
become  
protagonists  
of history,  
conscious,  
organized,  
armed  
protagonists;  
the great  
rupture was  
concretized,  
and we began  
to create the  
future, the  
communist  
revolution.
