Bring Back Will Goodo!

On December 6th, 2005, Will Goodo testified before the Oakland City Council and the Labor Council's Workers' Rights Hearing that workers' rights were being violated at Comcast. He said that he had been labeled a trouble-maker for speaking up on behalf of his co-workers. Six weeks later, this Navy veteran with ten years of Comcast service was fired.

Call Hank Fore, East Bay Division VP at 510 567-9301 and demand that Will Goodo be reinstated. It shouldn't cost a loyal employee his job just to speak out in favor of workers' rights!
