

2006 NOVEMBER-JANUARY WINTER Free Skool Santa Cruz

Free Skool Santa Cruz is a completely grassroots effort, a bunch of individuals deciding to act collectively and autonomously to create a skill-sharing network, a school without institutional control.

We want you to teach Free Skool Santa Cruz.

Do you have unique skills and knowledge? Are you willing to share what you know in a non-authoritarian and interactive way? Do you appreciate learning in an informal setting?

If you are willing to learn, teach, or help organize Free Skool, then we'd like you to be part of it. We are all students and we are all teachers.
