

2006 NOVEMBER-JANUARY WINTER Free Skool Santa Cruz

Information for Teachers

Free Skool Santa Cruz is a completely grassroots effort, a bunch of individuals deciding to act collectively and autonomously to create a skill-sharing network, a school without institutional control. Classes are informal, egalitarian, and are held in homes, social spaces, and parks. It is your opportunity to learn from others and share what you know, to help create self-reliance, vital communities, and beauty in the world. Thank you for your interest in participating in Free Skool Santa Cruz. We are all students and we are all teachers here.

Winter Quarter runs November 1st to January 31st. The Free Skool Winter Quarter teacher registration deadline is coming up **October 10th**. *We will not accept classes after this date.*

Teacher Commitment: We are asking for a three month commitment..

Scheduling: You choose how often in that three months you want to teach your classes. You choose what days fit your schedule. You can check with us about dates and times to avoid conflicts.

Teaching Space: We encourage teachers to find their own spaces for their classes, but if you need it, we can help you find a location.

Deadlines: For teachers, **the deadline to remember is October 10th**. We'll need your class info by that deadline. We will have the calendar finished within several days of that deadline, so if you miss it, you miss it.

Class Info: If you are teaching a class this quarter, we'll need solid dates, times, location, and other info at least two a half weeks before the start of the quarter, that's **October 10th**. Here is a quickie form:

Teacher Name:	_____
Contact Info:	_____
Public Contact:	_____
Class Name:	_____
Proposed Dates:	_____
Proposed Time:	_____
Proposed Location:	_____
Brief Description:	_____ _____ _____
Prerequisites & Requirements:	_____ _____ _____

Responsibility: Free Skool is a decentralized, non-institutional project, in other words, you and I make it happen. Therefore, you have certain responsibilities as a teacher. Promote your class through word-of-mouth, fliering, community outreach, and online. Work with other Free Skoolers to post calendars and fliers. Be prompt and reliable. Get a copy of the teacher packet. Post updates and news on the Free Skool website. Keep in touch with your students, before and after your class. Take good care of the spaces who graciously host your class. Help with the quarterly potluck and *How to Run a Free Skool* workshop.

Return this form as soon as you can. If you want to help with the organizing parts of this whole grassroots endeavor, talk to us.
