

# TROOPS OUT OF IRAQ **NOW!**

**END THE OCCUPATION OF PALESTINE  
STOP RACISM AGAINST ARABS AND MUSLIMS  
STOP THE ATTACKS ON WORKING PEOPLE  
END UNION BUSTING NOW!**

## **ANTI-WAR Rally & March**

Come out and join peace activists, war veterans, families, students, and concerned citizens in calling for the U.S. government to bring our troops home, now and immediately. It is clear that the only way Congress and Bush are going to withdraw the troops is under massive pressure from the American people. Stand with a broad coalition of people against war, occupation, and racism. Support peace, sustainability, human rights, and the empowerment and freedom of oppressed people, such as those in Palestine and the Third World. Join us in calling on George Bush and the new Democratic Congress for complete withdrawal of all troops, no permanent military bases, no further control over Iraqi oil, and not one more of our tax dollars for war and occupation. And oppose future wars against Iran or any other nation. Now is the time. Take your stand. Join us in the streets. Our march will go to Pier 31/33 to support the ILWU-IBU/MMP displaced workers. For more info about their struggle visit [www.alcatrazunion.com/www.tranportworkers.org](http://www.alcatrazunion.com/www.tranportworkers.org)

Please come and make your voice heard! Kids welcome! This is a family-friendly event. Students please post this flyer at your school and spread the word. Teachers please inform your students of this demonstration. Activists please tell your friends. Please spread the word!
