

Rent Control Repeal Will Be On The State Ballot in 2008!

Wealthy landlords have placed a measure on the June, 2008, California ballot to repeal rent control all across California. In San Francisco, over 180,000 households are protected by rent control. If this measure passes, tens--maybe hundreds--of thousands will lose their homes and be forced from San Francisco. Would you be able to afford your apartment if you did not have rent control? We had to fight hard to get rent control. Now we're going to have to fight even harder to keep rent control. The real estate industry will spend millions trying to repeal rent control. We need to fight back with everything we've got and we need to start now. Please join other tenants, labor organizations, senior groups, and tenant organizations on January 19 as we begin the fight.

Save Rent Control Convention Saturday, January 19, 1 PM 474 Valencia (at 16th St.)

We will gather for a "teach in" to learn about this dangerous measure and the statewide strategy to fight it. Then we will brainstorm ideas about what we want to do in San Francisco and break into working groups to plan strategies around fundraising, voter registration, media, actions & rallies, internet campaigning, voter education and other ideas. Please come--we need every renter's help and we need it now!
