## Restore the Right to Public Assembly

### in City Parking Areas

We, the undersigned, demand that public parking lots and garages be restored to public use. Sitting in a vehicle, chatting with a friend, eating a sandwich, and other innocent behavior must not be crimes--as they now are under the "15-Minute Law".

We also want to see the public space expanded not reduced. In particular, we favor a Downtown Plaza (DP), no Sale of Scope Park (SSP), more benches downtown (MB), parks opened at night (PON), and an end to selective enforcement of laws that target poor and homeless people (PHP).
