

# Is the American Dream slipping out of reach?

- War spending destroying our economy
- Iraq and Afghanistan war opposed by Americans but funded by Congress
- Soaring prices of food, housing, healthcare, fuel
- Home foreclosures, bank failures, sinking value of the dollar
- More people losing access to healthcare while health insurance profits rise
- Loss of our freedoms such as freedom from government surveillance, freedom from torture, right to trial
- Rich are getting richer, but we're sinking fast!
