

The Philadelphia DA, known as 'the Deadliest DA in the U.S.' Lynne Abraham, is calling on the U.S. Supreme Court to reinstate Mumia Abu-Jamal's death sentence, despite the mounds of evidence of his innocence. If Abraham's filing is granted that would mean **EXECUTION** for Mumia without even a new hearing or a new trial.

Millions across the world have marched and protested for Mumia's freedom. But, while Amnesty International, the NAACP, the Congressional Black Caucus, the International Association of Democratic Lawyers, the Harvard University Racial Justice Institute and dozens of other legal entities around the world roundly denounced the trial and appeals process conducted by Hanging Judge Albert Sabo, every court since, using the Anti-Terrorism and Effective Death Penalty Act restrictions, has refused to address the issue of innocence, and has simply affirmed the Sabo court's verdict of guilt.

The tremendous body of testimony and evidence that points to Mumia's innocence has systematically been excluded from his legal record. From the Pennsylvania Supreme Court to the Third Circuit Federal Court of Appeals, from Pamela Dembe to William Yohn, each level of the judiciary system has collaborated with the DA, the FOP, and their allies to assure that Mumia never leave prison and, preferably, that he be executed and permanently silenced.

They are getting set to murder Mumia as they did with Shaka Sankofa and Stanley "Tookie" Williams, and as they are trying to do with Troy Davis! Mumia is an innocent political prisoner who has been framed in order to silence his powerful revolutionary voice. **We say Stop the Frameup! No to execution! No to life in prison! Free Mumia Now!**
