

# **HANDS OFF DAVID! DROP THE CHARGES!**

## **Stop the Attack on a Young Revolutionary!**

On Jan 7, people stood up in Oakland and took to the streets, demanding justice for Oscar Grant. Now, the same system that murdered Oscar Grant is trying to silence the resistance and keep it from spreading. David did not commit any crime, and is being wrongly accused of two felonies and one misdemeanor stemming from his arrest on that evening. Out of over 120 arrested, David is one of three charged with felonies, and the only juvenile being charged.

David is under attack because he is a revolutionary and a communist, because he is a Latino youth from East Oakland, and because he is a leader who is telling the truth and organizing resistance. He is a member of the Bay Area Revolution Club, a group that has been fighting police brutality, calling out the rotten system that causes it in the first place, and calling on the youth to join the revolutionary movement.

**This is not just an attack on David, it is an attack on the people.**

**It is an attack on all of those, youth especially, who are lifting their heads and refusing to remain silent in the face of the cold-blooded police murder of Oscar Grant.**

**It is an attack on all those who dream of, and are working to bring into being, a radically different world.**

**April 10th, 8:30 AM: Demand the charges be dropped at David's Pretrial Hearing  
Juvenile Justice Center, 2500 Fairmont Drive, San Leandro**
