SUSTAINABILITY CENTER

Grand Opening, May 9, 2009, 11 to 5pm

outdoor location:
685 Florida St.
at 19th in the
mission

¡Madre Fiesta! A Celebration for Land, Life, & Culture

Come **CELEBRATE** the launch of the Mission District's newest urban community garden, education center, and outdoor events venue! Featuring world class music, live mural painting, puppet shows, workshops on urban gardening, permaculture, cob building, and food security to name a few. We are also excited to present a free farmer's market, pancakes & roasted corn feast. This event is a joint venture with the CommuniTree Festival, a 4 day, Bay Area wide celebration of Arts, Ecological Awareness, and Community Healing.

Our mission: To provide a powerful educational center which offers our local communities with the opportunity to participate in the process of arts, agriculture, and healing. Using ecological awareness events and "edutainment" programs for youth, we aspire to explore the confluence of arts, ecology, and the economy of community. Emphasizing green jobs & equity, cultural diversity, and bio-remediation, our center brings forth a model of hope and transformation for abandoned urban spaces across the country.
