

NOBLE COMMUNITY FORUM GUIDELINES

Rules for effective participation

1. One person speaking at a time.
2. You have 2 minutes maximum to state your commendation, critique or recommendation.
3. Use "I" statements concerning your issue.
4. All statements must relate to the NOBLE BART Police management study.
5. Courtesy, respect and cordial language is a must.

Key points of clarification

1. NOBLE is not investigating the BART Police fatal shooting that occurred on January 1, 2009.
2. NOBLE is conducting a review (study) of the operations and administration of the BART Police Department.
3. NOBLE is not here to answer questions about policing or to provide judgments on how the BART Police Department has behaved in the past.
4. NOBLE is here to obtain your feedback on the quality and scope of BART Police services.
5. It was recommended that members of BART administration and key employees not attend these community forums so as to get you to focus on speaking to NOBLE about BART Police.

The kind of input and feedback we need

1. What should BART Police start doing (recommendation)?
2. What should BART Police stop doing (critique)?
3. What should BART Police continue doing (commendation)?
4. Please state your issue in one of these 3 formats. We understand that there is a situation that will be attached to many statements; however, we need you to focus on framing the issue in the format requested instead of trying to tell your story.
