

Justice Delayed is Justice Denied

Yes, this is for real. "BITCH ASS NIGGER" are some of the last words Oscar Grant III heard before he was murdered by BART Police Officer Johannes Mehserle on January 1st, 2009. Court transcripts now show that BART Police confiscated high quality video from a passenger the night of the murder. The video captured BART Officer Tony Pirone's own assaults on Oscar and his racist slur. Despite having viewed this confiscated video, Police Chief Gee exonerated Tony Pirone using the words on the front of this flyer. To date, not a single person at BART has been held accountable for their roles in the murder or their attempts to cover-up the truth!
