

Speaker Nancy Pelosi, STAND FIRM!

Support Justice and Health Care for all Families and Children

Rally and Vigil
Monday, November 23
4:00 p.m.
Speaker Pelosi's Office
90 7th Street,
San Francisco

This is a final push to remind House Speaker Nancy Pelosi, Senate Majority Leader Harry Reid, President Barack Obama to recognize the contributions of immigrants and to include immigrants in health reform proposals. Health reform is not health reform if some of our loved ones are left out. We want our country standing for justice and fairness. Congress must enact health reform for everyone living and working in America.

Sign our petition to support
health reform for all low-income
families, workers and children
