

Anarchists are everywhere!

But who are they really? What do they actually want?
Are they really trying to destroy everything?

Demysifying Anarchy

Thursday, June 24th, 6:30pm

Louden Nelson Center, Room 3

We invite you to come find out for yourself. Come hear self-identified anarchists speak about why they call themselves anarchists, what anarchy means to them and how they see the world. There will be a time for questions and discussion.

A free event, but donations to cover the cost of the space are appreciated.
