

# Get on a Waiting List to Dismiss Camping Tickets

 The **City Attorney**—under pressure from homeless protests at City Hall and the County Building—**introduced a change in the Camping Ordinance MC 6.36**—which should make dismissing tickets easier.

 The City Attorney's office says it **will dismiss incoming tickets if they hear from the Homeless Services Center (HSC) the person ticketed was on a waiting list** on the date of the ticket.

 The HSC is at 115 Coral St. and **open for waiting list sign-ups weekdays 8am to 5pm.**

 **If you weren't on a waiting list** on a night you got a ticket, **ask HSC for a form letter** certifying the shelter was full on that night to take to court. **If they refuse** or give you the runaround, **contact HUFF** (Homeless United for Friendship & Freedom) at 423-4833 to help subpoena HSC records for court.

 We are still **urging the HSC** to:

- (a) admit in writing** that the only shelter space it has is the Armory in the winter and waiting lists for 48 spots the rest of the year meaning **no space for 7 months a year;**
- (b) have a volunteer on call to let police, public, and clients know** whether on any night **there is actually a shelter bed** available there; &
- (c) publicly demand** the City Council and SCPD to order **no ticketing** on nights the shelters or armory are full regardless of waiting list status. HSC knows this by 4pm each day.
