Mary Cummins new article about Ed Boks :: Alias Update "James John Kennedy"

Psycho stalker Mary Cummins is at it again. Another "article" on one of Mary Cummins favorite animal haunts, Indy Bay Media. This time, Mary Cummins of Animal Advocates is posting as author "James Kennedy" a man so "passionate" about animal causes that a Google search for James Kennedy + animals turns up NOTHING. Does Mary Cummins think everyone is as stupid as she is?

Victoria Lee Chase, why are you on tony's thread

if you don't want to read tony's posts? Just so you can kick him while he's in jail and can't fight back?

I posted his entire post. I didn't snip out his charity bit because I didn't want people to think I edited his post. I've raised money for 911 victims that I kept in my account til I sent a check to the main trust fund. The fund never seemed to mind. To set up a full on new trust account for a temporary charity would be a lot of work. No one forced anyone to give anything to tony's charity fund. No one ever said it was "backed by the US" or "bonafide." Did you set up a federally approved trust fund charity for 911 victims? One run by a full board of directors? I didn't think so. Please go nitpick on something else.

Ed, the FBI has framed people in the past

remember the guy who posted here about the fbi framing two guys for a murder that one of their informants had committed? They needed their informant so two innocent men went to jail for years. If the fbi can frame two people for murder to protect one informant, just think what they'd be willing to do to help a politician backed by a wealthy and powerful client involved in p ublic companies? I'm just saying that I believe it's very possible that the fbi is not completely honest or ethical in this case. The 911 bit is absolute proof of this. If they can do that kind of smear job, but think what else they are willing to do.

Antonio Villaraigosa's Junior Mayor Jim Bickhart filmed sleeping by his "terrorist" ex girlfriend Psycho Mary Cummins

The bikers called her Psycho Mary Cummins. But City Hall Slug Jim Bickhart called her "girlfriend" and "smart" and "independently wealthy." Jim Bickhart made Mary Cummins meet LA Mayor Antonio Villaraigosa. Jim Bickhart shamed his boss by putting this "terrorist" girlfriend Mary Cummins front and center with the poor unsuspecting Mayor Villaraigosa, who got stuck being nice to Jim Bickhart's "Terrorist" girlfriend. Even the bikers were smarter!

Hah! A bunch of bikers KNEW MORE THAN JIM BICKHART THE CITY HALL FATSO DID. Jim Bickhart lied for this nutcase when there were victims all over the web calling Mary Cummins "stalker" and "terrorist" and yesterday's trash? Is that what you want in your government? A man who is so desperate for a woman that he corruptly promoted PSYCHO MARY CUMMINS to the Mayor of LA City, while she was defaming and

harassing innocent citizens, and while he knew that there were years of bikers posting, calling her "psycho" and "stalker" and worse? Even the bikers got sick of Mary Cummins talking dirty to them, sex-baiting them, and trying to get them to visit MARY CUMMINS PORNOGRAPHIC WEBSITES.

Jim Bickhart exposed innocent LA Citizens and his boss the Mayor to this threat? And defended her while he helped her harass her critics.

Well, he should have saved his breath because Psycho Mary Cummins turned on her sex pal Jim Bickhart. Mary Cummins lies about taping ex-buddy Bickhart--

More on the maniac who sued LA City and Ed Boks

Mary Cummins freaks out AGAIN on the Mayor Sam Sister City. LIES and trys to blame Daniel Guss for the video of LA City Hall Slug Jim Bickhart sleeping at the LAAS Animal Commission meetings.

THE LINK AND THE FICTION:

Is Mary Cummins lying as usual? Yes, Mary Cummins Psycho Nutcase is lying as usual. Mary Cummins is the ONLY person with a video camera at every commission meeting back in 2005, when Jim Bickhart fell asleep and started snoring. Witnesses KNOW that Mary Cummins made that video of her boyfriend Jim Bickhart.

Interesting coincidence: While Mary Cummins videotaped Mayor Villaraigosa's junior mayor Jim Bickhart sleeping MARY CUMMINS WAS ALSO SLEEPING WITH JIM BICKHART. Interesting coincidence. Mary Cummins, who has sued LAAS GM Ed Boks for "wrongful termination" was fired as an LAAS volunteer previously --- in November 2005 when Mary Cummins claimed that she was fired for VIDEOTAPING LAAS COMMISSION MEETINGS.

FACT: EVERYONE KNOWS MARY CUMMINS TOOK THAT VIDEO AND YOU CAN SEE JIM BICKHAET LOOK HER RIGHT IN THE FACE AT THE END.

Psycho Mary Cummins To Be Reported For LA City Witness Tampering.

That is right folks. As we predicted insane wackjob Mary Cummins of Animal Advocates could not control herself from contacting Ed Boks witnesses in her stupid lawsuit against Boks and the city. According to rescuers posting to the private blog <http://mary-cummins.blogspot.com>, this witness had already TOLD PSYCHO MARY CUMMINW TO LEAVE HER ALONE AND STILL THIS WITNESSW was CONTACTED AND HARASSED IN A PROVABLE WAY by Mary Cummins Insane Nutcase, and this witness had already REPEATEDLY TOLD PSYCHO MARY CUMMINS NOT TO CONTACT HER EVER AGAIN. HENCE THIS WITNESS WILL BE REPORTING MARY CUMMINS FOR WITNESS TAMPERING TOMORROW MORNING AND ASKING FOR LAW ENFORCEMENT TO LOOK INTO THIS.

Too bad Mary Cummins doesn't have City Hall Fatso Jim Bickhart to kick around anymore. Even he can't defend her. If he tries, he will probably be fired on the spot. On the other hand, would he even use as a defense of Psycho Mary Cummins? His old defense that she is good in bed? WHO EVEN CARES? It was corrupt for Jim Bickhart to sleep with this nutbag to begin with? Why would he defend her now that she is threatening the witnesses who have stepped forward to help LA City and Ed Boks?

If you are a witness for LAAS GM ED Boks, do not be afraid of Mary Cummins threats and harassment. We know some of you are planning to ask for LAPD Police Protection against this nutbag, but the important thing is to STAND YOUR GROUND. If you are a witness trying to do a good job and defending your government, if this PSYCHO MARY CUMMINS harasses or threatens you, please cooperate with law enforcement. We will keep you posted on these important developments.

Mary Cummins of Animal Advocates :: Don't "kick Tony while he's in jail"

As Promised. More Animal Advocates Nutcase Mary Cummins the quack who is suing LA City and Ed Boks, in her own words, attacking a stock

investor on Silicon Investor for criticizing Mary Cummins bud Convicted Criminal Anthony Elgindy "Tony". Defending Elgindy while he's in jail facing trial for racketeering and securities fraud. After he was convicted of mail fraud. Elgindy was subsequently convicted of the above charges and is now serving 11 years on Terminal Island.

And look at the defense itself, Mary Cummins nutty point that charities can commingle funds. That's news to us! How does she know this? Because she did it herself, of course. See below for information from the California Attorney General's website about commingling personal and charity assets.

Note: Mary Cummins SI posts were turned into "was mmmmary" after she was found to have hacked another poster's password and began posting as him. Her Silicon Investor account was terminated for quite awhile. Mary Cummins has also threatened/frightened investors into selling their stock by posting as "Mother Theresa" and "Mary Mother of God."

In a court hearing in San Diego, Kenneth Breen, an assistant United States attorney, said the adviser, Amr Ibrahim Elgindy, tried to sell \$300,000 in stock on the afternoon of Sept. 10 and told his broker that the stock market would soon plunge. "Perhaps Mr. Elgindy had preknowledge of Sept. 11, and rather than report it he attempted to profit from it," Mr. Breen said.

From Free Republic "So, what did Mr. Elgindy, who was trying to sell \$300k in stock, tell the financial world the day after 9-11? Read it for yourself!"

RE: Commingling Funds

OFFICE OF THE CALIFORNIA STATE ATTORNEY GENERAL
<http://caag.state.ca.us/charities/>

Case cited: Sensory Intergration
 Sensory Intergration

Sensory Intergration (sic) International is a nonprofit corporation that purports to treat children with sensory integration deficiencies and to offer educational programs for health professionals who treat persons with sensory integration problems. We learned that **Sensory Intergration was commingling charity assets with the personal assets of one of its officers**, engaging in self-dealing transactions where personal interests conflicted with those of the charity, and failing to refund fees for canceled seminars. We also discovered that substantial charitable assets have been improperly diverted by those in control of the charity.

The Attorney General filed a civil complaint against Sensory Intergration and other defendants, including various current and former officers and directors, seeking damages, civil penalties, restitution, an accounting, appointment of a receiver, and involuntary dissolution of the charity. The complaint also sought an injunction preventing the defendants from controlling the assets of Sensory Intergration and from conducting any business on its behalf, including charitable solicitations.

On June 22, 2007, the Attorney General obtained a preliminary injunction prohibiting, throughout the United States, the conduct of any business activities regarding Sensory Intergration and further prohibiting the exercise of control over any of the charity's assets.

LA's Animal Friends :: Rebuttal - Mary Cummins Reposts Her Blog Even After Being Fired By LA City

Interesting Coincidence Mary Cummins reposted her insane laanimalfriends.eponym.com blog EVEN AFTER BEING FIRED BY LA CITY. WHO "FORCED" HER THEN?

Here is nutso Mary Cummins on her insane blog about LA Animal Services GM Ed Boks, in her own words:

"I received a notice about a possibly copyright issue and an issue about two comments". ...

http://laanimalfriends.eponym.com/blog/_trackback/2467073 ...
laanimalfriends.eponym.com/blog/_archives/2006/11/1/2467073.html

Fact: It wasn't "two comments." It was the entire blog.

Fact: Eponym.com was contacted about NUMEROUS BLATANT copyright infringement instances on Mary Cummins of Animal Advocates psycho cyberstalker blog laanimalfriends.eponym.com. Eponym.com INVESTIGATED the complaints and sent emails to the persons who

complained that THEY HAD INDEED DETERMINED THERE WERE MANY INCIDENTS OF COPYRIGHT INFRINGEMENT BY MARY CUMMINS, which were incidents of entire articles posted by Mary Cummins in their entirety, violating Federal Laws about fair usage, without even so much as including a link to the original news site. Mary Cummins used AP articles, and articles from the LA Times, New York Times, LA Daily News, LA Weekly, and on and on.

Eponym.com gave Psycho Mary Cummins aka LA Animal Lover an entire week to cure the copyright infringement or loose the entire insane laanimalfriends.eponym.com blog.

Mary Cummins did not cure the copyright infringement. Mary Cummins insane threatening cyberstalker copyright infringement blog LA's Animal Friends was stripped down by Eponym.com. on a Friday in November.

Mary Cummins then spent the ENTIRE WEEKEND cutting in half or down to a few paragraphs the articles she blatantly took from the AP, LA Times, LA Daily News etc.

Question: When The Law Offices of Rheuban & Gresen filed that meritless lawsuit against LA City and Ed Boks, citing that blog but FAILING TO NAME IT, were they aware of the numerous articles Mary Cummins posted on her insane blog and the ongoing issue of Fair Use and Federal Copyright Law? When they admit this blog into evidence, how do they plan to explain their nutty client's blatant disrespect for the law?

Do we have the emails from Eponym.com stating clearly that Mary Cummins committed copyright infringement on her Mary Cummins insane stalker blog LA's Animal Friends. INTERESTING COINCIDENCE: WE DO.

Stay tuned for more. You just can't make this stuff up.

Mary Cummins, Jim Bickhart, LA City and Ed Boks

Reposted due to popular demand: Mary Cummins Notorious Cyberstalker: Is she trying to extort LA City with her meritless lawsuit against LA Animal Services GM Ed Boks?

Mary Cummins lawsuit alleges that she worked as an LAAS Volunteer beginning in 2001. It conveniently omits that Mary Cummins was fired by GM Guerdon Stuckey in November 2005. At the time, the firing of Mary Cummins baffled members of the humane community. Mary Cummins hideous history of harassment and libel had yet to come to light.

However, behind the scenes and unknown to many, Mary Cummins was

seen as a nasty and most unwelcome presence in the LAAS rescue community, especially among talented and experienced wildlife rescuers who complained to LAAS as well as Fish and Game about her questionable treatment of the animals. There was the wildlife legislation that they saw Mary Cummins wrongfully take credit for. There was the claim by Mary Cummins that she had rescued hundreds of animals from the LAAS shelters; rescuers say that number was "less than ten" in a year. One rescuer raised questions about Mary Cummins possession and use of euthanasia drugs. That rescuer became one of Mary Cummins victims; pages defaming this woman were posted in cyberspace.

The animal control officers had problems with Mary Cummins, too. An incident of dead cats in Mary Cummins front yard on N Sweetzer in West Hollywood went from one story to another; Mary Cummins blamed a rescuer, a coyote, an animal control officer. No one ever got the true story but one of Mary Cummins neighbors strongly believes Mary Cummins should have been questioned harder.

There was the incident with the Coyote Task Force. Mary Cummins wanted to be president of the Coyote Task Force but a very lovely and credible wildlife rescuer named Brenda Varvarigos from Camarillo Wildlife Rehabilitation was the obvious choice. Mary Cummins was told she couldn't become the president because she didn't live in the Valley. At which point Mary Cummins produced a phony lease from an apartment building in the Valley.

Besides the obvious that Mary Cummins was a liar, there was no question that Brenda Varvarigos was far more qualified to head the Coyote Task Force than Mary Cummins was. Crazy Mary Cummins isn't even licensed to handle coyote. Varvarigos is.

According to rescuers, Mary Cummins went to LA City Councilman Dennis Zine's office and threw a shouting fit. Zine's office then sent a memo stating that Brenda Varvarigos' safety could not be assured as long as Mary Cummins was in the mix.

In or around September 2005, the DAW group became aware of a man who had 300 pigeons living in his house. This man, whose name is Red Enright, had also become known to PETA. PETA had spoken with Red Enright, decided he was a "hoarder" and called Torrance Animal Control.

Charlotte Laws, the head of the DAWs, became concerned that Torrance Animal Control would kill all Red Enright's pigeons. Charlotte Laws contacted Mary Cummins, the wildlife rescuer, for ONE REASON AND ONE REASON ONLY—to try to LEGALLY RESCUE the birds.

Unknown to Charlotte Laws and the rest of the DAWs, but according to wildlife rescuers, when Torrance Animal Control arrived at Red Enright's home, they were greeted by the sight of Mary Cummins in a BHLE Animal Control Officer's Uniform. The crazy nut Mary Cummins was posing as a cop!

There were many incidents and complaints. One of the most interesting, in light of what has recently occurred with the Mary Cummins-Cobb vs. LA City and Ed Boks lawsuit, was that a memo was sent to all LAAS Animal Control officers instructing them to avoid being in a room alone with Mary Cummins for fear that she would sue for sexual harassment.

It is not known whether or not Mary Cummins was paid by LA Deputy Mayor Jim Bickhart to do a background search on future LAAS GM Ed

Boks, but an email from Mary Cummins to Jim Bickhart and several rescuers stated that "Ed Boks is an angel coming to save our animal angels." Mary Cummins included several links to Best Friends articles about Ed Boks.

Though Mary Cummins was a known nutcase around cyberspace, beginning her treachery and harassment of decent citizens in or around 1998, as well as a known nutcase to the wildlife rescue community, to many in LA City the first glimpse of what a treacherous wacko Mary Cummins is came in an email sent from Mary Cummins to attorney and former AGM candidate Terri Macellaro in or around January 2006.

In that shocking email, which Macellaro circulated widely, Mary Cummins insists that Macellaro withdraw from the AGM position. Mary Cummins threatened that if Terri Macellaro did not withdraw, "The City will be done with you forever."

Terri Macellaro represented City Attorneys, ex-mayor Richard Riordan, ex-mayor James Hahn, to name a few CITY OFFICIALS. The email was seen by many to be a direct threat on Terri Macellaro's livelihood.

When asked if she was speaking for the city, Mary Cummins went ballistic. She sent angry illogical emails and posted to the DAW news group that she was being "accused of being a city employee." In her own words, Mary Cummins declared that she was not employed by the City of Los Angeles.

She was, however, an LAAS volunteer, reinstated by LAAS GM Ed Boks in or around December 2005, which Mary Cummins is now arguing in her frivolous lawsuit against LA City and Ed Boks, qualified her as an employee with the same equal protection under the law. It could be argued, and we hope the City does argue, that the abusive threatening email from Mary Cummins to attorney and AGM candidate Terri Macellaro was one of the early examples of Mary Cummins breach of the LA City Code of Ethics XII

CITY OF LOS ANGELES CODE OF ETHICS

XII

..."No officer or employee of the City shall directly or indirectly use or attempt to use the authority or influence of such officer or employee for the purpose of intimidating, threatening, coercing, commanding, or influencing any person with the intent of interfering with that person's duty to disclose improper activity."

In or around February 2006, Terri Macellaro hosted a meet and greet for Ed Boks. At that event, Mary Cummins was introduced as the VOLUNTEER who would be working on the LAAS website. She was dressed in a baggy "jumper" wore no makeup, and spoke about how the color blue would encourage people to keep their animals instead of turning them in to the city's shelters. Few understood the reasoning, but it would still take a month for folks to get the complete picture about what a nutcase Mary Cummins actually is.

The understanding by the LAAS union employees (who didn't want Mary Cummins working with them, even for FREE), the humane community, and the LAAS Animal Commission was that Mary Cummins, AN UNPAID VOLUNTEER, would be building a better website.

In or around February 2006, Found Foundation President David Loftus

received an email from Edward Muzika, one of Mary Cummins friends in the animal rights world. Muzika stated that Mary Cummins needed money and that she would be more motivated to work on the website if she were paid. The sum Mary Cummins was demanding was easily twice the amount the Found Foundation was willing to pay. It was decided that Mary Cummins would receive \$5000 per month.

HERE YOU GO FOLKS. FIVE THOUSAND DOLLARS A MONTH! TO A SUPPOSEDLY UNPAID VOLUNTEER.

Arguably, when Mary Cummins demanded and received that sum, she ceased to be an unpaid volunteer of the City of Los Angeles. Mary Cummins at that point, you could argue, became a paid contractor of the Found Foundation.

Did Mary Cummins continue to rescue animals from the LAAS shelter during that time? We know what she was doing. MARY CUMMINS WAS BLOGGING.

AND BLOGGING. AND THREATENING, LIBELING, HARASSING AND ABUSING ANY AND ALL CRITICS OF LA CITY AND LAAS GM ED BOKS.

Did Ed Boks "force" Mary Cummins to blog? It's an interesting question, but there is an easy answer. Mary Cummins had a LONG HISTORY of threatening, libeling, harassing and abusing others online LONG BEFORE SHE MET ED BOKS. And Ed Boks had never engaged in such behavior before meeting Mary Cummins, nor has he done such since. Ed Boks continues to have critics in the LA humane community and THERE ARE NO BLOGS DEFAMING ANY OF THESE FOLKS. On the other hand, Mary Cummins is the person NOTORIOUS for this sick behavior. Not Ed Boks. Mary Cummins is the person known for this horrible behavior AROUND THE WORLD, including against LA publishing company Paisano Publications. NOT ED BOKS!

It was widely known by March 2006 that Mary Cummins had been sleeping with LA City Deputy Mayor, Jim Bickhart "Big Fart."

In or around March 2006 the LA City Council and reporters at several LA City newspapers received an anonymous package documenting Mary Cummins serious history of libeling, cyberstalking, offline stalking, and harassing stock investors, rescuers, bikers, and others. In response to that, LA City Councilwoman Janice Hahn said in open city council session that Mary Cummins is "a terrorist."

Everyone in the humane community was shocked. But the true story was yet to be revealed.

In or around March 2006, the union woman and systems analyst Donelle Holly who worked on the LAAS website—maybe for around ten to fifteen dollars an hour—learned that Mary Cummins was to be in charge of her work. Did this occur in direct violation of SEIU 347 union rules?

Donelle Holly, an African American UNION MEMBER quit HER UNION JOB and filed a complaint against the city. She has since gotten employment elsewhere, but the fact remains that Mary Cummins took a union job, which she had said she was doing for FREE, got PAID and did the job FAR WORSE than the union worker had. Donelle Holly was a systems analyst; Mary Cummins resume at that point was mainly in the fields of bashing stocks and cyberstalking her critics.

And so on one strange day in or around March 2006 the citizens of Los Angeles woke up to the shocking site of a MADWOMAN blogging anonymously on an INSANELY ILLOGICAL blog called LA's Animal Friends: <http://laanimalfriends.eponym.com>.

LA's Animal Friends was pure Mary Cummins at her most recognizable—as her many previous victims came forward would attest. It was a hideous mess of lies and libel. Mary Cummins alleged that ADLLA leader Pamelyn Ferdin was “trying to harm” her, “trying to run her out of town” and that her life was in danger. Everyone who read that blog realized that Mary Cummins was obsessed, probably a nutcase, and a liar to boot.

On LA's Animal Friends Mary Cummins accused known humane spokesperson Nathan Winograd of being involved in an extortion plot with ADLLA and Terri Macellaro. Mary Cummins called people “criminals” and “insane” with no basis for it whatsoever, other than they did not agree with her. She threatened all the city's AGM candidates with exposure for their “dirty deeds” if they didn't withdraw their candidacy for the position. All of these AGM candidates were decent caring individuals who deserved a chance to apply for that job. And yet, Mary Cummins the “animal lover” was threatening them with ruin if they didn't quietly go away.

Here's that Ethic's Code Law again folks. Embroider it on a pillow.

CITY OF LOS ANGELES CODE OF ETHICS

XII

...“No officer or employee of the City shall directly or indirectly use or attempt to use the authority or influence of such officer or employee for the purpose of intimidating, threatening, coercing, commanding, or influencing any person with the intent of interfering with that person's duty to disclose improper activity.”

Shortly after Mary Cummins began blogging her reign of terror against the AGM candidates, rescuers, critics of LA City and Ed Boks, reporters, attorneys, Nathan Winograd et al, one rescuer she had been “friends” with named Daniel Guss went from being a supporter to a critic of Ed Boks. Mary Cummins then sent Daniel Guss an email THREATENING him in a worse way—if you can imagine it—than she had threatened Terri Macellaro and the other AGM candidates.

The emails LAAS "VOLUNTEER" Mary Cummins sent—AS MARY CUMMINS with her email address MMMARYINLA@AOL.COM-- threatening Dan Guss from what he felt was his "duty" about criticizing LA City Government stated that Mary Cummins was getting him fired from his job IN THE PRIVATE SECTOR for criticizing the city. Mary Cummins threatened that Dan Guss would lose his job, his home, his car, his healthcare, for criticizing the city and that “Terri will be fired, too.” Sad and sick as it was, it was also comical in the infamous Mary Cummins illogic—Terri Macellaro is self-employed.

Mary Cummins did follow through on her threats against Dan Guss' job, home and security. Mary Cummins called Dan Guss' employers at Toyota, repeatedly.

And they took her seriously, too, as did Dan Guss. So seriously that a photo of Mary Cummins—who was shaping up as one sick stalker—was posted with security at the Toyota doors.

Mary Cummins, who has posted to stock investor boards that she is "too pretty to be ignored" hates being ignored. So, when Mary Cummins threatens to have Daniel Guss fired didn't pan out, Mary Cummins then went into her infamous behavior of turning the tables. Allegedly, Mary Cummins or one of her friends, called Daniel Guss' employers and said that he was threatening her.

Mary Cummins had done this so many times it is amazing that she could think anyone would fall for it. First Mary Cummins victimizes and threatens decent people—some of Mary Cummins victims honestly fear her and believe she can become violent-- and THEN MARY CUMMINS LIES TO REPRESENT THAT HER VICTIMS ARE HER "ATTACKERS." Mary Cummins has filed false police reports against her victims, claiming that they want to "harm" her.

In fact Mary Cummins INSANELY ILLOGICAL lawsuit actually alleges that she didn't go out of her house because she feared "the animal activists." Mary Cummins alleges that "the animal activists" broke her car windshield.

Here's the comical part: When Mary Cummins went to LAPD to get these so called "attackers" arrested, Mary Cummins was fired from LAAS instead. As we believe she should have been.

Again, the LA City Code Of Ethics XII states in part... "No officer or employee of the City shall directly or indirectly use or attempt to use the authority or influence of such officer or employee for the purpose of intimidating, threatening, coercing, commanding, or influencing any person with the intent of interfering with that person's duty to disclose improper activity."

To be continued: Mary Cummins NOTORIOUS AFFAIRS AND FLIRTATIONS WITH JIM BICKHART AND OTHERS. Mary Cummins "joke" that she would "blow" James Hahn if he would promise to help the animals; Mary Cummins emails Commissioner Kathy Riordan and tells others that ex-mayor Dick Riordan was "staring at her breasts." (According to this lunatic Mary Cummins, EVERYONE "WANTS" HER)

The how and why Mary Cummins is dropped by the Found Foundation as LAAS website designer, gets Found Foundation President Dave Loftus fired, and turns her infamous treachery against LA City and Ed Boks.

How Mary Cummins takes a grant from the City of Santa Monica to help with their squirrel overpopulation problem and is fired when she FAILS TO ACCOUNT FOR THE MONEY.

Also, The truth about how Mary Cummins tried to get Found Foundation billionaire to invest in her own business. Mary Cummins posts on Ebay that the Rolex watches and other expensive items she was selling were for her "Animal Advocates" charity. Phony allegations Mary Cummins continues to file against her critics, INCLUDING THE TRUMPED UP ALLEGATIONS IN THAT BOGUS LAWSUIT AGAINST LA CITY AND ED BOKS, where Mary Cummins alleges she was "libeled" by her critics, twists what was actually said about her, and the actually things that Mary Cummins critics said about her were PROVABLY TRUE.

More threats, more harassment, more victims of Mary Cummins--the nutcase who says women want to "rape and kill" her, as well as the true story of how the City of Los Angeles discovered Mary Cummins hideous past as well as her treacherous behavior against LAAS workers and

volunteers.

You just can't make this stuff up!

Who is who on the internet :: Mary Cummins of Animal Advocates NASTY Squirrel Photos

Please take note of the post below re: Mary Cummins strange insane post on squirrel circumcision from Part Three of the Special Series: What was the LAW FIRM OF RHEUBAN & GRESEN THINKING WHEN THEY FILED THIS MESS?

"Of course he was just suckling his own penis. No crow attacked his penis as she found him face down in the parking lot. I hope this vet didn't mess this guy up permanently. I do need an unreleasable but don't know how I will explain a circumcised squirrel penis to kids."

And then the question that maybe The LA City Attorneys, Ed Boks and LAAS asked, assuming they saw this sick rant and considered the city's responsibility here: Why would Mary Cummins, who is allowed to exhibit to schools, be explaining ANY PENIS to children? WHAT IS THIS EVEN ABOUT FOLKS? Would you want this NASTY sick nutbag Mary Cummins exhibiting squirrel penises to your children at school?
