September 24

## From Auto-Cities to EcoCities: Examples from Around the Globe

EcoCity Builders presents a stunning slideshow and informative talk on alternative city design.

7 - 9pm

## Post-Petroleum Transportation: Finding Your Best Alternative Fuel

Biofuel Oasis hosts a lively evening conversation with experts on biofuels, electric vehicles, ethanol, and biking.

7 - 9pm

## Kids & Family Bike Workshop

Spokeland Bike Co-op offers this family workshop to improve your bike maintenance and repair skills. Best for parents and kids ages 10+ but your whole family is welcome!

10am - Noon  
(EcoHouse)

## The Confident Bike Commuter Workshop

Learn basic tips and maintenance to feel more confident commuting to work and biking around town. Presented by Street Level Cycles.

6:30 - 8:30pm

## Smart Growth & Just Growth

Bay Area leaders explore regional issues and visions for transit-oriented development that supports social equity.

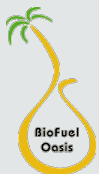

7 - 9pm

## Moving Planet Mobilization

Join us as we make our way from the East Bay to the San Francisco festival. On this day of action, communities across the world rally to demand a future free of fossil fuels.

11:15am  
(Ashby BART)

Cosponsored by Biofuel Oasis, Transform, Urban Habitat, Waterside Workshops/Street Level Cycles, Spokeland, Ecocity Builders, East Bay Bike Coalition, Non-Profit Housing Association of Northern California, Transition Berkeley, Pacific Institute
