

Racism, Austerity, and the **STRUGGLE FOR PUBLIC EDUCATION**

**FEBRUARY 28TH
TUESDAY 6:30PM
Laney Community College
STUDENT CENTER**

There is a crisis in the system of public education. Class sizes continue to increase, schools are just as segregated as they were 40 years ago, and many students have to incur decades of debt for higher education.

During an economic crisis, and under the administration of Democratic Party leadership massive cuts threaten to destroy public education.

Students, teachers, and staff are organizing and fighting back.

Join us for a meeting and discussion about the growing struggle for education and an alternative world.
