The Mayan Word

La Palabra Maya

Film Screening in Watsonville

This ground-breaking documentary carries the voices of the Mayan people as they share their perspectives on the prophecies of their ancestors and their fight to defend Mother Earth and their culture from destruction. The film is both a message of hope and a call to action.

“They say that in 2012 the world is going to end. Lies!

The world isn't ending. It's the opposite: we are finishing ourselves off.

The prophecies are given for us to check ourselves:

What are we doing? It's clear that if we don't do anything to recover the equilibrium of Mother Earth, we are digging our own grave.”
