Testimonials by Friends of Charles Townes

1913 Nobel Laureate, Rabindranath Tagore (1861-1941)

Gitanjali, 1910

The same stream of life
that runs through my veins
night and day
runs through the world
and dances
in rhythmic measures.

It is the same life
that is rocked
of birth and of death
in ebb and in flow.

Charles Townes, Tagore and Templeton awards Recipient
Jointly sponsored by U.C. Berkeley’s Department of Public Health and the International Institute of the Bengal and Himalayan Basins
