Enjoy refreshments and live music from Sacramento-based musical group Glowbox, and learn about local organizations focused on food justice and sustainability. Speaking program begins promptly at 7pm.

Jeffrey Smith International bestselling author Jeffrey M. Smith is the leading spokesperson on the health dangers of Genetically Modified Organisms (GMOs). He documents how the world's most powerful Ag biotech companies bluff, bully, and mislead critics, and put the health of society at risk. He's the author of the bestselling books *Seeds of Deception* and *Genetic Roulette*.

Ocean Robbins Cofounder and CEO of the 30,000 member Food Revolution Network, which provides education, inspiration, and empowerment to contribute to healthy, sustainable, humane and delicious food for all. Ocean is the author of *The Power of Partnership*. He founded Youth for Environmental Sanity (YES!) at age 16, and directed the organization for 20 years
