re: Request Ms. Morgan be allowed to show ID at front desk and acknowledge I be given info about her investigations/records

Dear Ms. Husome:

The question I will pose to you is of critical importance to Megan Andrea Morgan because she is being denied her due process rights at the Homeless Services Center and the River Street Shelter — she is being denied shelter at those places.

On Tuesday, July 31, 2012 Ms. Morgan filed assault charges against a member of the Elevation Church of the Authentic Relevant Jesus who she alleges assaulted her based upon her disability during their Sunday, July 29, 2012 breakfast at the Homeless Services Center. The incident number is 12S-06566. The Investigations Section told me that a detective had not been assigned to this case. When I probed further, asking if this case has just been collecting dust for over a week, the Investigations staff person consulted their supervisor and said that I would need to consult with you — that my gaining information about Ms. Morgans investigations as her advocate and representative is a records issue.

Ms. Morgan should be allowed to show her ID at the front desk and ask that I be allowed to view her records and inquire about her investigations — it would be odious and unproductive to force her to gain a notarized statement because the notarized statement just verifies her identity which her photo ID does.

I don't know why Officer Peabody didn't ask Ms. Morgan when she was being interviewed — since my sister informed Officer Peabody that she was standing in for me as Ms. Morgan's representative and advocate — if Ms. Morgan was willing to have her police investigations and records information released to my sister and I.

Please advise me ASAP if you will allow Ms. Morgan to show her ID at the police station front desk for me to obtain information about her investigation and records, and if not what you are going to make her do to for me to be able to gain this information.

Thank you for your immediate attention to this..

Sincerely yours,  
John E. Colby, Ph.D.
