The Board of Supervisors' Public Safety Committee will have a Hearing regarding the acquisition of Tasers by SFPD.

Speak Out –
Come to the Hearing:

Thurs, December 6th, 2012
10:30am
City Hall room 250

The San Francisco Police Department is attempting to arm their Crisis Intervention Team (CIT) officers with Tasers—a complete contradiction to the CIT program's goals.

➤ **Tasers Kill:**

A UCSF Study found that Tasers are linked to a 544% increase in sudden deaths of people in police custody.

➤ **Tasers Don't reduce police shootings:**

Studies have found that Taser use by police actually *increases* the rates of shootings and deaths in some cases.

➤ **Tasers will destroy the CIT Program:**

The goal of C.I.T. is to train officers to avoid using force and utilize de-escalation techniques to resolve a psychiatric crisis—not to increase force.
