

Berkeley Climate Coalition Social:

*A film screening of Gasland,
potluck and interactive games*

Wednesday, January 23, 2013
7pm - 9pm

You're invited to join the **Berkeley Climate Action Coalition** for an evening of fun, entertainment, and conversation. We'll watch the critically acclaimed film, **Gasland**, and enjoy dinner together. This is a chance to connect with Coalition members and learn something about the destructive technology capturing the interest of the energy industry: fracking.

Who: You, your friends, neighbors, colleagues, and anyone else **interested in joining the Coalition.**

What to Bring: A dish to share + board games if you've got them.

Not a member of the Coalition yet? No problem! Come for the evening, then consider joining.

About Gasland: "The largest domestic natural gas drilling boom in history has swept across the United States. The Halliburton-developed drilling technology of "fracking" or hydraulic fracturing has unlocked a "Saudi Arabia of natural gas" just beneath us. But is fracking safe? When filmmaker Josh Fox is asked to lease his land for drilling, he embarks on a cross-country odyssey uncovering a trail of secrets, lies and contamination. Part verite travelogue, part expose, part mystery, part bluegrass banjo meltdown, part showdown."

Cost: FREE

Location: Ecology Center, 2530 San Pablo Avenue (near Dwight Way), Berkeley, CA 94702
