

What the Frack?
Protect California from Fracking!
THURSDAY, March 28, 7:00 PM

*Unitarian Universalist Center, Martin Luther King Room
1187 Franklin Street (corner Geary Blvd.), San Francisco*

Adam Scow, California Campaign Director of Food & Water Watch will explain how serious the threat of fracking is to our state and what we can do to stop it.

Fracking threatens the air we breathe, the water we drink, the communities we love and the climate on which we all depend. That's why more than 250 communities in the US have passed resolutions to stop fracking, and why Vermont, France, and Bulgaria have banned it.
