

# Stop the BPD Cover Up:

**Demand police turn over reports to the People's Investigation on the in custody death of Kayla Moore on February 13, 2013**

**We demand that BPD allow the release of the Coroner's report and the police report of what happened that night.**

Berkeley City Council

**Tuesday, April 30th**

2134 Martin Luther King Jr. Way

**Rally at 6:00pm and speak out at 7:00pm**

- ❖ BPD has asked the Coroner to delay release of the autopsy for up to 8 months.
- ❖ BPD has not released any information about their investigation but the officers involved have all been returned to their job.
- ❖ The District Attorney is not even investigating this incident for possible criminal conduct because, "It wasn't an officer involved shooting".

**We Hold the Mayor, The City Manager and the City Council responsible**

**for what happened.** The city leadership has allowed police to function without accountability and mental health services to be provided by aggressive cops.
