

Chilao School Special Event
The Future of Forests
Planning Party and Open House Weekend
Building a Day-Visit K-12 Curriculum for Chilao School

Saturday, October 19 and Sunday, October 20, 2013

Potluck Lunch 1 PM Saturday and Sunday - refreshments all day both days

Located in Chilao Campground - Tent and RV Camping Available

The Future of Forests is the theme of our work. We will create a blueprint for introducing future generations to the Angeles National Forest, and to the larger issues and challenges that face both forests and people. Everyone is welcome - we especially look forward to meeting current and aspiring educators.

We will be joined by Leslie Miller (Sacred Heart Academy), Randy Maclaren (Glendale Unified School District), Shelley Owen (travel schedule permitting, Glendale Unified School District), members of the local Native American community and other guests. Together we will create a vision for Chilao School and the tools to implement it. If you would like to contribute curriculum for any grade level, from K-12, please contact us so we can discuss your idea and the grade level it addresses. (We are also developing collegiate level study programs and welcome you to come with your insights for higher education programming as well. We are here to network with and learn from one another).

Why People Need Forests * What Lives In The Woods * History of Humans in the Forest * Fire Frequency * Fire Safety * Fire Management * Forest Stewardship and Climate Change * Desertification * Understanding Chaparral * Creating Habitat * Restoring Habitat * Reconnecting People to the Planet * Futures in Forestry

Spend a while or spend the weekend. Chilao School is located at an elevation of 5,200 feet in Chilao Campground. From the 210 Freeway, take Angeles Crest Highway (Highway 2) north 24.5 miles to Chilao Road, turn left, follow signs to school. Bring sturdy shoes, sunglasses, and warm clothing; the nights can be cool.
