

# Restore Survival Sleeping Rights

For those living outside in Santa Cruz, the City's abusive Camping Ordinance is one of a network of laws that attack homeless survival here. Enforcement in the last two years has severely escalated resulting in seizure and destruction of homeless survival gear, criminalizing outdoor and vehicular sleep for homeless people at night. These are all part of a “get out of town” campaign waged against the poor here. On June 30th, the local chapter of the American Civil Liberties Union voted to call for a moratorium the City's Sleeping, Blanket and Camping Bans. We demand City Council act to end this form of discrimination, persecution, & torture.
