

BLESSING of the ANIMALS

Sunday, October 12, 2014, 2-3 pm

FIRST UNITARIAN UNIVERSALIST SOCIETY

IN THE CHAPEL

1187 Franklin Street (at Geary Blvd.), San Francisco

Join us in this celebration of all the creatures of the earth!

This service affirms respect for all life, reminding us that we are a part of the interdependent web of all existence. This symbolic ritual of blessing continues the tradition of St. Francis of Assisi, our City's namesake and patron of animals and the environment.

Reverend John Buehrens, our Senior Minister, will give a brief homily:

“Did the Animals Preach to Francis?”

Bring your animal companions (or a photograph of them to share) and participate in the blessing of our creatures!

Sponsored by Unitarian Universalist Animal Ministry, a committee of the First Unitarian Universalist Society. For more information, call 415-776-4580.
