

*This event was originally planned for December 2014, but it got rained out! This time, assuming the forces of nature don't intervene again, PDA-San Francisco proudly presents a public forum:*

# AN EVENING with TOM AMMIANO

**He's Back from Sacramento and He's  
Going to Tell Us What He Thinks!**

Our "retiring" Assembly member Tom Ammiano will offer reflections on his recent tour of duty in Sacramento, some perspective on the terrible times to come, and, if we're lucky, a preview of his new comedy routine.

*Assembly member Tom Ammiano was the first public school teacher in San Francisco to make his sexual orientation a matter of public knowledge. In 1990 Tom was elected to the San Francisco School Board, where he served as President. Ten years later he joined the Board of Supervisors, where he also served as President; he was elected to the State Assembly in 2008. He left the legislature at the end of last year as a result of term limits.*
