The Peace and Freedom Party, born from the civil rights and anti-war movements of the 1960s, is an open, multi-tendency, movement-oriented, ballot-qualified, socialist party. We are united in our common commitment to socialism, democracy, ecology, feminism, racial equality, and internationalism, and in our common opposition to capitalism, imperialism, racism, sexism, and elitism. We represent the working class, those without capital in a capitalist society. We organize toward a world where cooperation replaces competition, a world where all people are well fed, clothed and housed; where all women and men have equal status; where all individuals may freely endeavor to fulfill their own talents and desires; a world of freedom and peace where every community retains its cultural integrity and lives with all others in harmony. Our goals cannot be achieved by electoral means alone. We support mass organization, direct action, a militant labor movement, and establishment of alternative institutions in neighborhoods, workplaces, unions, schools, and the armed forces everywhere.
