بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ ; as-salamu 'alaykum wa rahmatullahi wa barakatuh; in English that just means Hi. Every generation from time immemorial has faced its own challenges. However, from the primitive hunter-gatherers of antiquity to the sophisticated predators of modernity, only one singular common challenge runs through mankind's histories and civilizations, all the way to the current affairs of today. That is primacy. We are no more close to grappling with our predators today than was yesterday's man. Nevertheless, rising to that challenge has been the existential burden of many in every generation. This burden is a funny sort of burden. For it is its own reward. Those who recognize this challenge carry that burden willingly; just like a moth is drawn to a flame and being incinerated by the flame no longer appears to be a burden to it, but rather its destiny which is finally fulfilled. Imagine that a sweet smelling rose forgot its innate purpose, or its destiny to spread its own fragrance was snatched from it by the superman gardener. One could perhaps philosophically argue that the burden of the rose until the end of time would solely be to regain its stolen identity, its lost purpose, its manifest destiny. A mere pebble in that ocean of endeavor is thrown by the following books by this humble scribe, whose tiny ripples, he hopes, will reach some shores someday. The PDF can be downloaded by clicking on book covers below. Please do save a copy today for future reference before these books disappear even if you have no particular interest at this time in what an ordinary person has figured out about the age he lives in.

<p><b>Backcover</b> Current Affairs / Political Science / Psychology / Sociology / Empire Studies</p> <p><b><i>The Poor-Man's Guide To Modernity</i></b></p> <p>The myriad crises which afflict humanity today, from the Global War on Terror to Global Financial Crisis to Global Pandemic, and a few more to come including Global Food Shortage to UFO-Alien Invasion, are only the successive Hegelian mind-fucks, ahem, the "acts" and "deeds" of making current affairs "look like a great 'booming, buzzing confusion' to use William James' famous description of reality.". Each new 'booming, buzzing confusion' creates the raison d'être for more global laws which incrementally erode more national sovereignty. The harvesting response to each new crisis Machiavellianly brings the nations of the world one baby-step closer towards the Global Governance of the entire planet. A one-world government if you will.</p> <p>The devilish <i>modus operandi</i> is to deliberately fabricate global problems, or their illusions, and offer only those predetermined solutions which result in bigger government, incrementally leading to a single one-world global police-state. "Create conditions so frightful at home and abroad that the abandonment of personal liberties and national sovereignty will appear as a reasonable price for a return to domestic tranquility and world peace."</p> <p>The oligarchic powers behind the scene harness every fault-line and discord among peoples of every nation, to ensure that the world public can never recognize a common predator, and thus never be able to forge a united front against their common nemesis. What is so remarkable is the absolute ease with which these Chermensch leeches, sucking the life blood of the untermensch mankind, have been able to get away with it since 9/11.</p> <p>This book which you now hold in your hands, <i>The Poor-Man's Guide to Modernity 2015</i>, is intended to be the potent antidote for that ease.</p> <p>The Plebsian Antidote to Hectoring Hegemony! It is equally easy – simply remove "truth's protective layers" and Machiavelli has no place to hide. All else naturally follows.</p>	<p><b><i>Oligarchic Primacy for World Government</i></b></p> <p><b>The Poor-Man's Guide To Modernity</b></p> <p><b>2015</b></p> <p><b>Zahir Ebrahim</b></p>
<p><b>Backcover</b> Current Affairs / History / Palestine</p> <p><b><i>Oligarchic Primacy in Palestine</i></b></p> <p>The foundation for the diabolical theft of Palestine was laid very craftily in the precise wording of the Balfour Declaration of 1917 issued by the British Empire to Lord Rothschild. The Declaration sanctioned the Jewish state in Palestine without jeopardizing the Jews' political rights in their own home countries: "It being clearly understood that nothing shall be done which may prejudice the civil and religious rights of the existing non-Jewish communities in Palestine, or the rights and political status enjoyed by Jews in any other country."</p> <p>The Balfour Declaration permitted the Jews, solely by the fiat of imperial power, to live in any country in the world while simultaneously making the Jewish state in Palestine their new home without jeopardizing their "rights and political status" in their home country of birth or citizenship. While bearing only a few short imperial proclamations, the Balfour Declaration is the most treacherously worded document of its kind in the history of colonization. Observe the magic of its linguistics, wherein, the Palestinian peoples are not referred to as a "people", but only as "non-Jewish communities". Whereas, the same document refers to the Jews as "the Jewish people". The simple, largely agrarian, indigenous Palestinian population, uninformed of the vagaries of deceit and the Machiavellian use of legalisms and linguistics, from day one were deprived of political status by the wording of the Balfour Declaration.</p> <p>Why was this infamous Balfour Declaration issued to Lord Rothschild by Great Britain? Who is the House of Rothschild? One almost never hears that name in the United States of America from its 2000 colleges to Hollywood to news media. The name is well-known in Israel as the patron saint father of the Jewish state. The House of Rothschild is revered by the Zionists as the modern day King of the Jews.</p> <p>The Palestinians evidently remain unaware of the impenetrable invisible "iron wall" around the Jewish State built by that invisible name just as Vladimir Jabotinsky suggested almost a hundred years ago would be necessary for the "moral" colonization of Palestine by Zionism.</p>	<p><b>From Genocide to Genesis in Zero Compromise</b></p> <p><b>Undoing The Theft Of Palestine</b></p> <p><b>Zahir Ebrahim</b></p>

Thank you
