

End the Anti-Homeless War at Home & Escalated War in Syria !

On 4-6 around 10 PM **Santa Cruz police escalated their attack** on shelterless people struggling to keep out of the strong rains at City Hall. The only “crimes” these internal refugees were committing were unique to Santa Cruz. First crime: **sleeping itself becomes illegal at 11 PM** throughout the City on any public property, no matter how isolated or out of sight for the City’s 1000-2000 homeless. The Winter Shelter Program has ended dumping 110 people onto the street. Insuring maximum discomfort & humiliation, City Manager Martin Bernal shut down the bathrooms there.

Police arrested Freedom Sleeper and Food Not Bombs worker Abbi Samuels for standing her ground while filming homeless people being rousted and sent out into the rain. After a day in jail, **Judge Paul Marigonda** dropped her phony charge of “obstructing an officer”.

On 4-6 the Trump Administration dangerously escalated the War in Syria **going to War against the Assad regime for the first time**. With no real protest from the Democrats. This was done without warning, Congressional approval, or UN sanction to show how “tough” Trump is under Democratic Party anti-Russian baiting. Stop the War hysteria—which is now being trumpeted by politicians of both parties !

Say NO to the Two Wars! Gather Nightly at City Hall or Support Those Who Do!

This was done without warning, Congressional approval, or UN sanction to show how “tough” Trump is under Democratic Party anti-Russian baiting. It’s the old “weapons of mass destruction” hype, evidence-free anti-Russian paranoia, escalating mid-East wars begun by Bush & Obama. Stop the War hysteria—which is now being trumpeted by politicians of both parties !
