

Sign Up to Support the Survival Sleepers

Nightly several dozen homeless folks have been sheltering themselves regularly under the eaves of City Hall downtown. Inspired by the Tuesday night Sleep-Outs of the *Freedom Sleepers* who have been challenging the City's Sleeping Ban weekly since the summer of 2015, the Survival Sleepers as some call them, have grown in numbers since the end of the Winter Shelter program in early April. They now include more elderly and disabled people, including vulnerable women. In recent nights, they have been driven out of shelter by police, rangers, and security thugs. Those photographing these abuses have been cited or arrested.
