

BLESSING of the ANIMALS

Sunday, October 15th 1:00pm – 2:00pm

FIRST UNITARIAN UNIVERSALIST SOCIETY

1187 Franklin Street (at Geary Blvd) San Francisco in the Chapel

Bring your animal companions (or a picture of them) and join us in this celebration of all earth's creatures!

This service affirms respect for all life, reminding us that we are a part of the interdependent web of all existence; and continues the tradition of St. Francis of Assisi, our City's namesake and patron of animals and the environment.

Reverend Vanessa Southern, our Senior Minister, will lead this ritual. We will hear about the effects of climate change on all wild and domestic creatures, and how to work for a more humane and sustainable planet.
