

The Institute for the Critical Study of Society at the Niebyl-Proctor Marxist Library

Sunday Morning at the Marxist Library

TITO: YUGOSLAVIA'S MAO, GIAP AND CHE

Tito's ideas and practice of national liberation strategy, revolutionary war and guerilla warfare are not as well known among US socialists as are those of Mao, Giap and Che. However, Tito's theory and practice are on par, and in some respects even exceed, those of his more familiar counterparts. This presentation will focus on Tito, but, as a secondary focus, will also compare some biographical, theoretical and applied aspects of all 4 Marxists. Their contributions to Marxist war and military theory will be highlighted, rather than discussing the respective revolutionary societies that followed liberation. Our Presenter, **Al Sargis**, is founder of the Friedrich Engels Institute of Marxist War and Military Analysis (FEIMWAMA)
