The 2016 CDC guidelines that were made to address the illicit Fentanyl/Heroin crisis have caused a drastic overcorrection in the health care setting. Many physicians, hospitals, and even pharmacies have stopped treating pain altogether. The DEA has drastically reduced the production of pain medication, which has already created a nationwide shortage.

WHO ARE WE?

We represent millions in our country who battle a wide range of severe diseases and painful conditions.

WHY RALLY?

This rally will give us a united voice to gain nationwide media coverage.

WHO DOES THIS ISSUE AFFECT?

People with chronic intractable pain!! People with acute pain!! People with postoperative pain!! **EVERYONE!!**

2nd RALLY LOCATION

West Hills Hospital, 7300 Medical Center Dr., West Hills, CA 93103

From 12 noon - 1 pm
