

The Annual Darwin Celebration

Sunday, February 17, 2019 – 12:30 pm

First Unitarian Universalist Society of San Francisco
1187 Franklin Street, corner Geary Blvd. San Francisco

Charles Darwin's theory on the origin of species by natural selection profoundly changed our knowledge of nature and our place in it. Our celebration recognizes Darwin, born February 12, 1809, and the contribution of scientists and scientific research to the present time.

Charles J. Vella, Ph.D., clinical neurologist, will speak on

How We Learn: Memory and the Brain

The study of human evolution and particularly the development of the brain of our species continues to fascinate us. Dr. Vella teaches postdoctoral courses on neuropsychology and lectures on Brain Evolution, Brain Fitness, Depression, Visual Illusions, Brain Evolution and Human Evolution for the Kaiser Senior Health Education Program, the Alzheimer's Association, City College and other organizations.

**The lecture, which is free, starts at 1:00 pm
Wheelchair Accessible**

**Luncheon Includes Yummy Vegan and Gluten Free Dishes
Suggested Donation - \$20**
