Walking distance from Embarcadero BART Station.

May 10th is Mother's Day in Mexico, Guatemala, and El Salvador. On any given day many thousands of immigrant mothers are held in this country's vast, unjust, often brutal, immigrant detention system. Please join us in solidarity with mothers detained by ICE and mothers with children placed in ICE detention. We will stand in solidarity. All immigrants must be treated with respect -- and all detention camps are shut down!

**We will honor the many mothers who have sacrificed for their children, only to have their hopes and dreams shattered by the cruel persecution by ICE. Come and join us in solidarity as we demand an END to ICE detentions and the prison industry that profits from this persecution.**
