

Documentary: GENERATION ZAPPED

Tuesday,
August 20, 2019

5:30 pm, *Rockridge Library*

Hosted by:
CA Brain Tumor Association &
WIRED (Wireless Radiation Education
& Defense)

The multi-billion dollar telecommunications industry goes to great lengths to lobby congress, influence policy makers, and dispute scientific data, which is reminiscent of the lead, asbestos and tobacco industries before them.

*Please join us for a special screening of *Generation Zapped*. The film discusses the potential health risks from radiation emitted by wireless devices as revealed by scientific research. A Q & A on 5G and cell phones will follow.*
